

**COURTNEY
MCKENNA**

The text is decorated with two stylized floral sprigs. One sprig, located on the left, features three large yellow flowers with black outlines and several smaller buds on a thin, dark stem with small, feathery leaves. A second sprig, on the right, features two large yellow flowers and a bud, also on a thin stem with small leaves. The entire design is set against a plain, light cream background.

About

Courtney McKenna is a high energy rock n' roll artist pulling reference from classic songwriting tradition and modern day activism. Influenced by surf rock, grunge, the blues, folk and outlaw country, Courtney is a charismatic and powerful performer who is always seeking new ways to engage her audience.

Courtney's backing band, Sweet Myths, is a favorite amongst online streaming communities. Together, their performance sparks genuine excitement and enthusiasm into every room they fill.

In 2022 Courtney anticipates the release of three singles telling the story of her own experience with addiction. She intends to use her platform to continue to raise awareness and funds for mental health.
